

End Clamp Click 30-42mm

Product sheet

1 set contains: 1 Alu end clamp black anodised, 1 Alu Click Design, 1 Bolt with serrated under head M8, 1 Square nut M8x15

Technical Details

Material	<i>Aluminium EN-AW 6066 (or similar) and Stainless Steel V2A (nut and bolt)</i>
Design & Use	<i>The traditional end clamp is designed for modules with frame heights ranging from 30 to 42 mm. Featuring a convenient Click mechanism, it allows for swift and hassle-free installation. The end clamp can be rotated and is adjustable in height including a grounding pin for added security. The clamp is a accessory that is used to secure solar panels to aluminum rails. The fixture is made of aluminum alloy which ensures the solar panels will not be twisted.</i>
Warranty	<i>10 years according to our Guarantee Terms and Conditions.</i>
Colour	<i>Black and Silver</i>
Length	<i>70 mm</i>
Width	<i>32 mm</i>
Height	<i>60 mm</i>
