

Landscape triangle

Product sheet

Technical Details

Material Aluminium EN-AW 6063 T66 (or similar)

Design & Use Structural calculation based on current recognized rules of technology.

Triangles serve as the preferred geometric configuration for the installation of solar panels atop flat roofs. This strategic utilization of triangular structures optimizes the placement and orientation of solar panels to harness maximum sunlight exposure, thereby enhancing energy generation efficiency.

Warranty 10 years according to our Guarantee Terms and Conditions.

Length 1740 mm - Open: Short Arm 279 mm - Long Arm 1061 mm

Height Flat 42 mm - Open 288 mm

Width 64 mm

Colour Silver
